REPORT
OF
THE ADJUTANT GENERAL
OF THE
STATE OF NORTH CAROLINA

FOR THE PERIOD JANUARY 1, 1938—DECEMBER 31, 1940

To: His Excellency, The Governor of North Carolina and Commander-in-Chief, North Carolina National Guard, Raleigh, North Carolina.

Sir:—Submitted herein is a report of the operation of the Adjutant General's Department and on matters pertaining to the National Guard for the triennium January 1, 1938, through December 31, 1940.

THE ADJUTANT GENERAL'S DEPARTMENT

The following is a report made under date of December 30, 1938, covering this year:

It is our effort to handle State funds to the best interest of the National Guard and to run the office on an economical basis. Our appropriation as made annually by the General Assembly is not quite enough to enable us to carry on some of the normal activities necessary in the maintenance and training of the troops. In the operation of the Adjutant General's Department, it is stated that salaries in general of the office employees are in keeping with the salaries for the respective positions as paid in all State Departments. We do not have a surplus of employees, endeavoring at all times to carry on the work necessary with a minimum force.

STRENGTH OF THE NATIONAL GUARD

The present strength of the North Carolina National Guard is 3,438 officers and men. The strength allotted the State by the War Department is 3,560 officers and men. It is required by the Federal Government that each unit maintain a minimum strength, according to the tables of organization, in order to retain Federal support and Federal equipment. There are sixty units with station in many sections and counties throughout the

State. All units authorized by the War Department have been organized.

TRAINING

The Adjutant General has always endeavored to maintain and train the National Guard purely as a military organization without regard to politics or religion; endeavoring at all times to secure the best available officer personnel to perform the particular and necessary military duties to which assigned. Enlisted men and junior officers having shown the proper ability and interest are given the opportunity for promotion to fill occurring vacancies. In the selection of officer personnel to command these troops it is our desire to secure these officers from the citizenship and to secure officers who, having the military knowledge, confidence and respect of the business community in which they live and who understanding that there is work to be done, feel that they can and will give sufficient time to these military duties that they may maintain an efficient organization.

SPECIAL DUTY OF TROOPS

It is very pleasing to state that there has been no unlawful disturbances within the State within the past two years necessitating the Governor to order on duty any part of the National Guard, however, during 1937 one unit was called on duty at High Point to assist in the rescue of men covered in a landslide in connection with the construction of the railroad tunnel. In years past National Guard troops have protected prisoners on trial and have been used in disasters embodying conflagrations and tornadoes, etc., and have performed in these duties a splendid service to the State and citizenship.

ARMORIES

For the many years past units of the National Guard have occupied armories leased by them for the purpose and usually located in some mercantile building in the community and generally on an upstairs floor. Such armories have never been satisfactory and in the last two or three years the War Department, which issues to each National Guard unit from \$50,000 to \$100,000 worth of Federal property, has been more insistent that proper and adequate armories be provided for training and particularly for care of Government property against theft and fire. Within the last two years, through the Works Progress Administration and the sponsorship of municipalities and coun-

ties, we have had constructed in the State twenty-three new and adequate brick armories, which armories are occupied by twenty-six units of the Guard. In Greensboro, through arrangements with the municipality, there has been constructed a suitable armory which is occupied by four units. At the present time we are endeavoring to arrange for the construction of three additional armories.

ALLOTMENT TO OFFICERS

Under Section 6889, Consolidated Statutes of 1919, as amended from time to time, certain allotments are made to officers and organizations of the National Guard. The amount authorized as payment to each organization annually of \$600.00 is not sufficient to pay armory rent in the majority of cases, and this amount necessarily is augmented in many instances by allotments made by counties and municipalities. There is also the matter of other minor expenses incident to the maintenance of an armory and the organization. The allotment authorized for certain officers of the Guard who have administrative functions throughout the year cannot be paid in full because of the lack of funds in this item of our budget. These officers give a great amount of time and thought to the maintenance and training of their respective commands and, I feel, are entitled to the full, though small, amount as authorized in the law.

OPPORTUNITIES FOR NATIONAL GUARDSMEN

The Federal Government authorizes each year a certain number of the officer and enlisted personnel to attend the Regular Army Service Schools for a period of approximately three months.

Each year the War Department affords the Governor one to two recommendations of an enlisted man of the Guard to take an examination for entrance to the United States Military Academy. This selection is made under War Department regulations based upon a preliminary examination held in this office; the man attaining the highest general average receiving the recommendation.

Through competitive rifle range work the National Guard rifle team is selected each year to attend the National Rifle Matches at Camp Perry, Ohio, at Federal expense.

In these matters and through the disciplinary training of the young men, they are not only fitted to protect themselves in case of any future or Federal emergency but have that knowledge of

military training to cause them to perform their duties in a proper and efficient manner and to obey orders or directions of proper and higher authority. In my judgment, this training is of great benefit to the young man in his business life, all of which is of benefit to the business community of the State.

STATE APPROPRIATION

For each of the two years, as stated, the State appropriation, as made by the General Assembly for the fiscal year ending June 30, 1937, was \$81,180 and for the year ending June 30, 1938, \$90,795. Expenditures from the appropriation for 1937 are shown in the copy taken from the report of the audit of our accounts, as follows:

FEDERAL FUNDS

In addition to the amount expended from State funds, as shown in paragraph 8, above, the Federal Government has provided for the fiscal year 1938, through the United States Property and Disbursing Officer, who holds a dual position with the State and Federal Government, approximately the following:

For Camps of Instruction, including service pay, transportation and subsistence	\$128,345.44
Pay of officers and enlisted men for attendance at drills at home stations.....	257,780.47
Arms, uniforms and equipment and miscel- laneous	122,847.00
	\$508,972.91

In addition to the above the War Department assigns to duty with the National Guard of the State eight Regular Army Officers as Instructors and eight Sergeant Instructors whose pay and expense will probably approximate \$70,000.00.

Approximately \$350,000 cash goes to organizations and men in the counties having National Guard units. Based upon the Federal expenditures of \$508,972.91 (excluding the Instructor personnel) and the State appropriation of \$90,795.00 the comparative cost per year per man in maintaining the National Guard of North Carolina is Federal Government \$145.42 and State \$25.72.

The Adjutant General will be glad to furnish further information as to the Military service of the State and this Department as may be desired.

J. VAN B. METTS,
The Adjutant General.

1939.—Practically no unusual activities of the Department or of the National Guard occurred within this year. It is believed that the statement publicly made on many occasions by Governor Hoey, that sit-down strikes would not be permitted in this State and that law and order would be maintained, is largely responsible for the fact that North Carolina was not troubled with lawlessness and no part of the National Guard was called out during this period for service in the State.

The War Department did, however, order the National Guard into seven days' winter field training which is the first time in the history of the Guard that the organization has entered field training at a time other than for the annual summer encampments of fifteen days. Copies of General Orders embodied in this report give more detailed information as to these maneuvers. These maneuvers were most satisfactory and of much value in training to both officers and men.

Eleven members of the Governor's personal Staff accompanied him to New York upon occasion of North Carolina Day at the New York World's Fair which date was June 14, 1939. This is the first occasion in several years upon which our Governor has used his full Staff upon an official occasion.

THE STRENGTH OF THE NATIONAL GUARD

Company B, 105th Medical Regiment was organized under authority of the War Department in April 1940 and was Federally recognized on April 20.

The War Department authorized in September 1939 an increase of seven hundred fifty-three (753) enlisted men for the National Guard which increased the strength from three thousand four hundred thirty-eight (3,438) officers and men to two hundred seventy-seven (277) officers, five (5) warrant officers and four thousand thirteen (4,013) enlisted men. This was approximately the strength of the National Guard when authorized an increase to peace strength immediately prior to the induction of the National Guard of the State into Federal service on September 16, 1940.

NATIONAL MATCHES AND MARKSMANSHIP

The State sent the National Guard rifle team, composed of the team coach, ten shooting members and two alternates, to the National Matches, Camp Perry, Ohio, August 21-September 10, 1938. These matches are held at the expense of the Federal

Government. Civilian Rifle Team also attended the matches in 1938, 1939 and 1940. Due to conflicting dates of the Army Maneuvers in Mississippi and Louisiana during August 1940 with those of the matches, we did not send a National Guard team to participate in this year's matches.

Though it has been a hard matter to get the majority of those units equipped with rifles definitely interested in marksmanship, a few companies of the 120th Infantry and the 105th Engineers entered the Indoor Rifle Matches held by the Chief of the National Guard Bureau during the year 1939, but there was no participation on the part of our National Guard during these matches in 1940.

UNITED STATES MILITARY ACADEMY

The annual competitive examination, open to all enlisted men of the National Guard, is held at the office of the Adjutant General, and based upon which the Governor has the opportunity to recommend an enlisted man of the National Guard to take the final competitive and entrance examination for the United States Military Academy at West Point. The Governor's recommendation in 1938 was for Private Thorpe C. Grice, Headquarters and Service Company, 105th Engineers, NC. NG., station Charlotte, N. C. In 1939, Private Thorpe C. Grice again attained the highest standing and was recommended by the Governor. Due to the standing of Private LeRoy W. Wilson, Jr., Company E, 105th Engineers, NC. NG., station Asheville, N. C., Private Wilson was recommended as an alternate. In 1940, Sergeant Louis G. Gamble, Battery F, 252nd Coast Artillery, NC. NG., station Raeford, N. C., was recommended by the Governor.

SERVICE SCHOOLS

During the years 1938, 1939 and 1940, the following officers and enlisted men of the North Carolina National Guard had the opportunity to attend United States Army Service Schools. Attendance in these schools helps materially to perfect an officer and a non-commissioned officer in his military training, all of which is of much benefit to the National Guard. I may say that these schools also are conducted at Federal Government expense.

CAMPS, ARMORY DRILLS AND INSPECTIONS

Army drills have progressed on a weekly basis as heretofore at home stations of respective units. Each year the War Department assigns regular Army Officers as inspectors to inspect all units of the National Guard at their home stations. These inspections bring out the state of efficiency in training of the men of the unit and conditions of property and armory facilities. In many instances the Federal Inspecting Officers have criticized severely certain armories which have been leased and in which adequate facilities are not available for the proper care and protection of Federal property. Mainly through the construction of new armories, some of these conditions have been corrected. Yet there is still a criticism of other armories which are not adequate.

Camps.—In 1938 the Coast Artillery entered its summer field training at Fort Moultrie, South Carolina, its normal place of training. The remainder of the National Guard went into Maneuvers in the DeSoto National Forest near Hattiesburg, Mississippi.

In 1939 the summer camps were intended to be held at Camp Jackson, South Carolina and at Fort Moultrie; but due to an epidemic in South Carolina at that time, it was necessary to change the camp locations. The North Carolina part of the 30th Division Headquarters and Detachments, 30th Signal Company, 105th Engineers, and 105th Medical Regiment encamped at Camp Foster, Florida. The 252d Coast Artillery encamped at Fort Story, Virginia. The 113th Field Artillery encamped at Fort Bragg, North Carolina. The 120th Infantry, the State Staff and Hq. Co., 60th Brigade were at Fort McClellan, Alabama in July. The Brigade Commander and Staff visited the 117th

Infantry in camp in Tennessee part of the period and the 120th Infantry at Fort McClellan for the remainder of the time.

In 1940, the 252d Coast Artillery camped at Fort Moultrie, South Carolina in July. All other branches of the service took part in the Third Army Maneuvers for three weeks, spending part of the time in training with the 30th Division in the vicinity of Camp Shelby, Mississippi. From thence they proceeded to the Sabine Area in Louisiana where they were joined by Regular Army and National Guard troops from eight states of the Fourth Corps Area for the large maneuvers. The headquarters for these maneuvers was Camp Beauregard near Alexandria, Louisiana.

ARMORIES

Since the report of the Adjutant General as of December 31, 1937, under the direction of Works Progress Administration with the assistance of local communities as sponsors, there have been constructed additional new armories at Leaksville, Parkton, Louisburg and Lumberton. During 1940 construction was begun on armories at Warrenton, Roanoke-Rapids and Dunn; these, however, were not completed at the end of 1940. Oxford and Shelby are considering such construction.

APPROPRIATION BY GENERAL ASSEMBLY

This Department presented a budget of approximately \$90,000 to the General Assembly of 1939 and in the hearings before the Joint Appropriations Committee, the Committee gave out information that this budget had been cut by approximately \$12,000. With the assistance of officers of the Advisory Board, we were able to restore part of this cut, and the final appropriation for each year of the biennium as made was \$83,421. In view of the reduction of the annual appropriation of the National Guard, this Department necessarily curtailed its activities. There seems not to be the interest on the part of the citizens and particularly our General Assembly in the National Guard of this State as is manifest by the appropriations and activities in the majority of other states. In proportion to the strength of the National Guard of our State and that of other states, North Carolina is towards the bottom of the list in the amount of appropriations made by the respective general assemblies. The State's money is always conserved as far as practicable by this Department, yet the efficiency of the National Guard suffers to some extent for lack of funds with which to carry on more advanced activities.

DEATHS

Within the year 1938 the Guard lost a very efficient and popular medical officer in the death of Lt. Col. John D. Kerr, Clinton, N. C., who was Executive Officer of the 105th Medical Regiment. In the year 1939 Lt. Col. Walter G. Craven, from the Staff of the 34th Division died suddenly at his home; and early in the year 1939 Major Charles Barton of the State Staff, who commanded the State Detachment, died at the Armory of this unit. Both of these officers had for a number of years rendered most valuable military service to the State through their efficiency and popularity.

CONVERSION OF CAVALRY TO ENGINEERS

The North Carolina squadron of Cavalry, embodying a troop at Lincolnton, Asheville and Statesville, was under General Orders No. 12, this Department, converted to Engineers. The Cavalry, a squadron of the 109th Cavalry with Headquarters in Tennessee became the 2nd Battalion, 105th Engineers. By this conversion, a complete Regiment of the 105th Engineers came under the command of North Carolina authorities, as formerly this Battalion was allotted to South Carolina.

NORTH CAROLINA ANNUAL

During the year 1938 the Army and Navy Publishing Company published the National Guard annual, State of North Carolina. This annual was purchased by individual officers and men of the National Guard and copies were furnished the North Carolina Historical Commission, the University of North Carolina, North Carolina State College, the Congressional Library and other libraries. The annual, among other things, gives the historical military record of the militia and National Guard of North Carolina going back to the colonial period—1662, embodying conflict with the Indians and other historical military activities in which North Carolina was involved, through North Carolina's part in the World War 1917-1919.

There is included in this history, a sketch of the individual Companies, Batteries and Troops of the then existing National Guard of the State. Photographs are shown of units and of individual groups in their military training.

INDUCTION OF THE NATIONAL GUARD INTO FEDERAL SERVICE AND ORDERS OF THE PRESIDENT OF THE UNITED STATES, SEPTEMBER 16, 1940

Under a Proclamation of the President of the United States and Executive Orders No. 1, September 10, 1940 issued by the

Governor of North Carolina, the entire National Guard of the State with the exception of the State Staff and State Detachment, was ordered into Federal Service for one year's training, in view of conditions confronting the Nation because of the unrest and wars in Europe. Though preliminaries leading up to the induction of troops entailed a vast amount of work on the part of the Adjutant General's Department, the induction was carried out with efficiency and without serious difficulties. Each unit of the Guard mobilized at its Home Station and was authorized by the War Department to further recruit towards the war strength as given in War Department tables of organization. Strength of the Guard upon induction September 16, 1940 was 302 officers, 4 warrant officers, and 4,541 enlisted men.

Members of the State Staff were inducted into Federal Service different dates between September 16, 1940 and October 15, 1940; and were assigned by the War Department to duty with the State Headquarters, Selective Service. The Adjutant General, J. Van B. Metts, was recommended by the Governor to the President for appointment as State Director of Selective Service and assumed this office immediately upon the formation of this Headquarters, continuing at the same time his duties as the Adjutant General of the State. Lt. Col. Gordon Smith, U. S. P. & D. O., was appointed State Procurement Officer for Selective Service. Major Thomas H. Upton, State Staff, was appointed Assistant to the State Director.

The State Detachment, consisting of approximately 26 men, was reduced to 4 men and these as a State Detachment were inducted into Federal Service October 10, 1940 and assumed their duties at State Headquarters, Selective Service.

Within fifteen days after induction, approximately all troops were ordered to concentrate at Camp Jackson, South Carolina, except the 252d Coast Artillery Regiment (155mm-Gun) which Regiment was ordered to Fort Moultrie, South Carolina. Later the 2nd Battalion, 252d Coast Artillery, was ordered to Fort Screven, Georgia.

In the preparations for mobilization of the North Carolina National Guard upon its induction into Federal Service, much credit is due Lt. Col. Gordon Smith, U. S. Property and Disbursing Officer for North Carolina, Major Thomas H. Upton, State Staff and to the corps of regular Army Instructor personnel at that time on duty with the Guard; especially was Colonel Millard F. Waltz, Infantry, USA, Senior Instructor, of

assistance to the Adjutant General. I cannot refrain from expressing appreciation to the entire office force, all of whom worked much overtime, Saturday afternoons and some Sundays with willingness and personal interest.

The Proclamation of the President of the United States and the Executive Order of the Governor of North Carolina and other Orders and Circulars pertaining to the induction of the National Guard into Federal Service is given later in this report.

J. VAN B. METTS,
The Adjutant General.

REPORT OF U. S. PROPERTY AND DISBURSING OFFICER

STATE OF NORTH CAROLINA
OFFICE OF U. S. PROPERTY AND DISBURSING OFFICER
RALEIGH

August 19, 1941.

Subject: Report.

To: The Adjutant General of North Carolina, Raleigh, N. C.

1. Report of the United States Property and Disbursing Officer for the period July 1, 1937 to June 30, 1941, is hereby submitted.

ACTIVITIES

The office has operated and functioned in accordance with federal and State laws during the period covered by this report.

FEDERAL PROPERTY

The state of equipment continues to be excellent and in most cases adequate. The federal government has furnished needed supplies and equipment on requisition and has approved reports of survey covering unserviceable and obsolete equipment. Obsolete motor vehicles have been surveyed and modern up to date vehicles issued in lieu thereof. Equipment furnished by the War Department has been ample and of modern types.

The four years covered by this report have been the most active in the history of the office and the following is of interest:

Number of requisitions July 1, 1937 to June 30, 1938.....	678
Number of requisitions July 1, 1938 to June 30, 1939.....	661
Number of requisitions July 1, 1939 to June 30, 1940.....	1,045
Number of requisitions July 1, 1940 to June 30, 1941.....	38
Number of Reports of Survey Fiscal Year 1938.....	71
Number of Reports of Survey Fiscal Year 1939.....	109
Number of Reports of Survey Fiscal Year 1940.....	82
Number of Reports of Survey Fiscal Year 1941.....	34
Number of I and I reports Fiscal Year 1938.....	212
Number of I and I reports Fiscal Year 1939.....	225
Number of I and I reports Fiscal Year 1940.....	315
Number of I and I reports Fiscal Year 1941.....	66

FEDERAL FUNDS

The number of vouchers handled were as follows:

July 1, 1937 to June 30, 1938.....	1,388
July 1, 1938 to June 30, 1939.....	1,551
July 1, 1939 to June 30, 1940.....	2,051
July 1, 1940 to June 30, 1941.....	1,006

The work of the office from a financial and property standpoint continues to increase on account of additional requirements in accounting for property and federal funds. Suspensions have been negligible and the office has an excellent record in this respect as well as for general efficiency.

This efficiency may be attributed to the employees of the office who are painstaking, efficient, conscientious, earnest and faithful in their work.

Funds expended were as follows:

GENERAL

The office has functioned satisfactorily during the period of this report. The duties of the office have increased and are partly enumerated as a matter of interest:

- (1) The disbursement of about \$200,000.00 in federal funds annually.
- (2) Accountability for from 3 to 4 millions of dollars in federal property.
- (3) The keeping of individual property accounts for all organizations of the North Carolina National Guard.
- (4) Submitting and approving requisitions for federal property required by organizations of the State.
- (5) Issuing Bills of Lading and Transportation Requests.
- (6) Duties as contracting officer.
- (7) Reports of Survey, I and I reports, etc.
- (8) The handling of rail movements to and from camps.
- (9) Purchase gasoline and oil under Treasury Department contracts.
- (10) Purchase motor vehicle parts.
- (11) Preparation of estimates for the War Department covering summer camps and other purposes.
- (12) Payment of caretakers.

2. On September 16, 1940 the entire North Carolina National Guard was inducted into federal service pursuant to instructions of the President. Under War Department orders contained in Army Regulations 130-10 all federal property in the hands of the various units of the North Carolina National Guard was ordered turned over to the federal government and this involved a considerable task upon the office of the United States Property and Disbursing Officer. The federal property which had to be turned over embraced about 3,800 items consisting of about 72 typed sheets of legal size paper with a value of from \$3,500,000.00 to \$4,000,000.00. In spite of the situation and the fact that the stock records of the undersigned was over twenty years old during which time various changes of nomenclature has been made, every single item for which the State was responsible through this office as the accountable officer has been accounted for and all property accounts have been finally settled with the War Department without having to call upon the State of North Carolina for refundment of a single penny. This record was made possible through the fine cooperation of the unit commanders and acknowledgment of same is gratefully made.

The situation in this respect is entirely different from conditions which existed upon occasions when the National Guard had been in federal service

previously and on such occasions there were considerable shortages which might be expected.

In the matter of federal funds the same conditions exist and suspensions in finance accounts are practically nil over a period of twenty years.

3. Cooperation on the part of organization commanders and other individual officers and men have made it possible for this office to satisfactorily discharge the duties assigned and has made the work a pleasure. In the operation of this office for the period covered by this report acknowledgment is made of the fine assistance rendered by Major M. H. Austell, F.D., N.C.N.G.

GORDON SMITH,

Lt. Col. QMC USP & DO, North Carolina.

EXECUTIVE ORDERS—1940

September 9, 1940.

Hon. Henry L. Stimson,
Secretary of War,
Washington, D. C.

My dear Mr. Stimson:

I have your letter of September 5, 1940, and also received your telegram relating to the ordering into service of the National Guard by the President.

I thank you for the copy of the Order and the units of the National Guard in North Carolina will fully respond and enter the service as indicated and directed in this order.

North Carolina stands ready to fully cooperate in every phase of our national defense program.

Yours very truly,

CLYDE R. HOEY,
Governor.

WAR DEPARTMENT
WASHINGTON

September 5, 1940.

Honorable Clyde R. Hoey,
Governor of North Carolina,
Raleigh, North Carolina.

Dear Governor Hoey:

In order to strengthen the common defense, the President has thought it proper at this time to exercise in part the authority vested in him by Public Resolution Number 96, 76th Congress, approved August 27, 1940, to order from time to time any or all members and units of all reserve components of the Army of the United States into active Federal service.

He has, accordingly, given his signature to Executive Order Number 8530, August 31, 1940, a copy of which is inclosed. In accordance therewith and as indicated in my telegram of September 3, 1940, all active elements of the following units of the National Guard of the United States of the State of North Carolina, and all personnel of both the active and inactive National Guard assigned to such units, are ordered into the active service of the United States as of, and from the sixteenth day of September, nineteen hundred and forty.

Elements of the 30th Division, North Carolina National Guard
252d Coast Artillery (155 mm gun).

Sincerely yours,

HENRY L. STIMSON,
Secretary of War.

EXECUTIVE ORDER

September 10, 1940.

No. 1.

1. Executive Order of the President of the United States, Number 8530, dated August 31, 1940, is quoted as follows:

"By virtue of the authority conferred upon me by Public Resolution No. 96, 76th Congress, approved August 27, 1940, and the National Defense Act of June 3, 1916, as amended (39 Stat. 166), and as Commander-in-Chief of the Army and Navy of the United States, I hereby order into the active military service of the United States, effective September 16, 1940, the following units and members of the National Guard of the United States to serve in the active military service of the United States for a period of twelve consecutive months, unless sooner relieved:

'All active elements of:

* * * *

"30th Division, less 30th Tank Company

* * * *

"252nd Coast Artillery (155 mm Gun)

* * * *

"MEMBERS

"All members, both active and inactive, of the units listed above.

"All persons so ordered into the active military service of the United States are, from the effective date of this order, relieved from duty in the National Guard of their respective States so long as they shall remain in the active military service of the United States, and during such time shall be subject to such laws and regulations for the government of the Army of the United States as may be applicable to members of the Army whose permanent retention in the active military service is not contemplated by law.

"Commissioned officers and warrant officers appointed in the National Guard of the United States and commissioned or holding warrants in the Army of the United States, and affected by this order, are hereby ordered to active duty under such appointments and commissions or warrants.

"All officers and warrant officers of the National Guard appointed in the National Guard, federally recognized or examined and found qualified for Federal recognition, and assigned to units ordered to active duty under this order prior to the effective date hereof, who do not hold appointments in the National Guard of the United States and commissions or warrants in the Army of the United States, are hereby tendered such appointments in the same grade and arm or service which they respectfully hold in the National Guard.

"Warrant officers and enlisted men of the National Guard who hold appointments as officers in the National Guard of the United States and commissions in the Army of the United States, and are assigned to units ordered to active duty under this order prior to the effective date hereof, are hereby ordered to active military service as commissioned officers of the Army of the United States under those appointments and commissions."

2. In view of the above quoted order, it is announced that as of, and from the Sixteenth day of September, 1940, all North Carolina elements of the 30th Division and the 252nd Coast Artillery and all personnel, both active and inactive, assigned to such units, are ordered into the active service of the United States. Effective midnight, September 15-16, 1940, all members, both active and inactive, of the above designated units cease to be members of the North Carolina National Guard, subject to the Laws of North Carolina and National Guard Regulations and become a part of the Army of the United States, subject to the federal laws and Regular Army Regulations applicable thereto, in accordance with the Act of Congress ratified August 27, 1940, for the period of twelve months or until such time as relieved by proper authority.

GENERAL ORDERS

February 1, 1938.

No. 2

1. The 1938 Annual Armory Inspection of the North Carolina National Guard, in accordance with the provisions of Section 93, National Defense Act, as amended, and letter NG 333. 45-Gen-38, Hq 4th CA, December 1, 1937 will be conducted, as provided in Section II, NGR 48, January 18, 1934, by officers of the Regular Army detailed by the Commanding General, Fourth Corps Area. The itinerary and the names of the Inspecting Officers are given in paragraph 10 of this order. Time of arrival of Inspecting Officers will be transmitted to organizations as soon as practicable. Upon their arrival, unit commanders will report by phone or in person.

2. The inspection will be made a formal occasion. The primary objects of the inspection are enumerated in paragraph 8, NGR 48. The inspection of the training of the unit or headquarters will be confined to objectives prescribed in the program of the next higher commander, and which should have been scheduled previous to the inspection, and, in addition, such other training as the unit or headquarters commander may have scheduled previous to the inspection. Unit and headquarters commanders should be prepared to demonstrate the state of training achieved in scheduled subjects by presenting for the inspector a previously planned and rehearsed schedule, after or during which the inspector may ask to see such phases of the schedule repeated, or such other training as has been laid down under schedules of the unit, as he may desire. The inspector will base his report on these subjects and no other. The planned demonstration of the training of the unit as a whole, including the repetition of certain phases of training, or other training covered in schedule, as the inspector may desire to see, should not exceed the normal drill time.

3. Attendance at inspection is compulsory. A report of all absentees from inspection by reason of unavoidable causes, such as sickness, etc., will be rendered to the Inspecting Officer. Absentees without leave of absence or on furlough will be dealt with in accordance with the law. Officers and enlisted men temporarily absent from their home stations at the muster and inspection of their organizations may be attached, for inspection, to any other organization, provided necessary arrangements are made with The Adjutant General by the immediate commanding officers and notice given the Inspector to whom they are to report.

4. The inspection of personnel will be made beginning at 8:00 P. M., on the date named herein. Field and Staff Officers whose station is that of their respective headquarters will report for inspection with the headquarters personnel. Hours of inspection may be changed after consultation between the Inspecting Officer and the unit commander. The organization commander, caretaker, and supply sergeant to be present at the armory at such time in the afternoon as the Inspecting Officer may designate and all individual lockers opened and the field range set up. The first sergeant and company clerk to be present at the armory at the designated time in the afternoon for administrative inspection.

5. All property, arms, clothing, and equipment, will be thoroughly cleaned and put in good condition. Sealed boxes or cases need not be opened. Property in supply rooms and in individual lockers will be neatly and carefully arranged, that the Inspecting Officer may see its general condition and may count and check it easily and without loss of time. Items mentioned on spot inventory will be arranged as requested by the Inspecting Officer.

6. All records required by National Guard Regulations, or other War Department authority, will be fully written up and accessible. The files of retained enlistment and physical examination papers of enlisted men for the entire personnel at the time of the inspection must be conveniently arranged in case information of this nature is desired.

7. The service uniform, woolen (without packs), will be worn, including cap, regulation shoes and leggins (or boots). The olive drab ser-

vice shirt will be worn under the coat. Officers will be uniformed the same as troops of their command with saber. Every effort will be made to have personal equipment complete, thoroughly renovated and properly cleaned in order that each may present a neat appearance.

8. Inspecting Officers are requested to inspect Motor Vehicle Service Record Books of those units having motor vehicles. (QMC Form 248).

9. Unit commanders will be ready to state what steps they have taken to carry out the 1938 Major Effort; Field and Staff Officers what they are doing (AEC work) to qualify for armory drill pay; and applicable officers what steps they have taken to overcome their deficiencies, noted in 1937 Armory and Field Inspection Reports.

10. Inspecting Officers and Dates for Inspections.

No. 4

February 2, 1938.

1. Captain Thomas H. Upton, Property Auditor. The Adjutant General's Department, will, at semi-annual intervals make a physical check of all government property in the custody of organizations of the Guard; audit the organization Council Book; and in cases of motorized units, will inspect motor vehicles and the records pertaining thereto. Organization commanders will be advised through special orders to be issued, the dates upon which the Property Auditor will visit the organizations concerned.

2. Organization commanders are held responsible that all Federal property be available in proper place on date of visitation of the Property Auditor, conveniently arranged for checking. Any property or equipment not presented to the Auditor will be considered short. Property or equipment provided in Tables of Equipment for issue to Field and Staff Officers, when so issued for military use only, will be represented by Memorandum Receipt, signed by the officer concerned, on file with the organization.

3. Commanding and all other officers, North Carolina National Guard, responsible to the State for Federal property issued by the Federal Government, whose property accounts show a shortage of \$50.00 OR MORE, OR WHOSE SHORTAGE CONTINUES TO INCREASE, will enter on subsequent payrolls, in column of remarks, opposite the name of the responsible officer, the following:

"NOT TO BE PAID, PENDING PROPERTY ADJUSTMENT,"

Until such time as his property adjustment is completed, (Par. 25 NGR-59) and Form 18 be submitted.

4. Regimental and separate Squadron commanders and Instructors who certify to payrolls will be advised of property shortages in such cases as require the remark noted in paragraph 3, and should such statement under remarks not be inserted on appropriate payrolls, the Regimental and separate Squadron commanders and Instructors concerned will cause the proper remarks to be made before certifying and forwarding payroll.

REPORT OF THE ADJUTANT GENERAL

5. Immediately upon receipt of statement of shortages from this office, the responsible officer will take the steps provided (NGR 75-7) to be relieved of responsibility for actual shortage.

6. All orders in conflict herewith are hereby rescinded.

GENERAL ORDERS
No. 14.

April 12, 1938.

1. With profound sorrow, the death of

LIEUTENANT COLONEL JOHN DANIEL KERR, JR.

Executive Officer, 105th Medical Regiment, North Carolina National Guard, at James Walker Memorial Hospital, Wilmington, North Carolina, on March 16, 1938, is announced.

2. Lieutenant Colonel Kerr was born at Clinton, North Carolina, March 24, 1884, and attended the University of Maryland, from which he graduated in medicine with the class of 1908. He practiced his profession in his native community throughout the years of his life and his untiring service to his people and his charitable acts in their behalf were outstanding. As a citizen, physician, and soldier, his happy and congenial disposition, his loyalty to his friends and to the service, won for him the love, confidence and esteem of all who knew him. Those of his regiment and others of the National Guard who came in contact with him recognized his ability as an officer and his faithful services to the Government, his native State, and to those under his command. Lieutenant Colonel Kerr was returning to his home station, Clinton, after having attended the Annual Armory Inspection of Company A, 105th Medical Regiment, at the time he received the injuries which later proved fatal. A true and loyal soldier and a friend has passed to the Great Beyond and his death is mourned by soldier and civilian. Sincerest sympathy is extended his family by this department.

Record of Service

Lieutenant Colonel Kerr entered the military service on June 30, 1917, as a First Lieutenant, Medical Corps, and was assigned to duty with the 2nd North Carolina Infantry, at the time stationed at Goldsboro, North Carolina, which regiment, upon the organization of the 30th Division for World War service, became the 119th Infantry. He served with this regiment in Federal service throughout its training at Camp Sevier, South Carolina, and overseas. He served in the American Expeditionary Forces from May 11, 1918, to February 2, 1919. He was honorably discharged the service upon his return to the United States on February 6, 1919. Upon the organization of the 105th Medical Regiment, North Carolina National Guard, he was appointed Lieutenant Colonel, Medical Corps, February 1, 1924, and assigned to this regiment as its Executive Officer, which position he held at the time of his death. Lieutenant Colonel Kerr was a graduate of the Army Medical Field Service School, course of 1931.

1. With profound sorrow, the death of

**CAPTAIN LESTER LAWRENCE ANDERSON,
MEDICAL CORPS**

Company I, 105th Medical Regiment, North Carolina National Guard, on April 17, 1938, at Stoneville, North Carolina, is announced.

2. Captain Anderson was born at Fork, Davie County, North Carolina, where he lived until he entered Wake Forest College, North Carolina, from which he graduated in medicine with a B.S. Degree in 1925. He is a graduate of Medical College of Virginia, at Richmond, class of 1927. He entered City Memorial Hospital, Winston-Salem, North Carolina, as in Internes in 1928, and has followed his profession since 1929 at Madison and Stoneville, North Carolina. Captain Anderson, in the prime of life, through his congenial and happy manner, had drawn to himself a host of good and true friends. He had the confidence and respect of those of his profession and the citizens of his community. He was a faithful, efficient, and energetic officer of the National Guard and in his death the service has lost a capable officer whose comrades will miss his presence.

Record of Service

Captain Anderson entered the military service upon his appointment as 1st Lieutenant, Medical Corps, on July 14, 1932. He was commissioned Captain, July 5, 1934. Originally assigned to duty with 115th Hospital Company (redesignated Company I) 105th Medical Regiment, he continued in this duty to the time of his death.

RALEIGH

GENERAL ORDERS
No. 16.

June 6, 1938.

1. Under authority of the National Guard Bureau, War Department, Camps of Instruction for the North Carolina National Guard will be held as follows:

FORT MOULTRIE, S. C.—JULY 3-17, 1938

252nd Coast Artillery.

DESOTO NATIONAL FOREST, MISS.—JULY 31-AUG. 14, 1938

Hq. and Hq. Co., 60th Brigade

120th Infantry

105th Medical Regiment

113th Field Artillery

105th Engineers

Hq. and all Sections, 30th Division

30th Signal Co.

State Staff and Detachment

Regtl. and 1st Bn. Hq. and Co. A, 105th QM Regiment

Hq. 55th Cavalry Brigade.

Detachment, 252nd Coast Artillery.

2. At the conclusion of the Camps, organizations will return to their proper stations unless sooner relieved by proper authority.

3. Advance detachments and other details will be based upon Circular 14 B, National Guard Bureau, Nov. 1, 1937, and in cases where necessary commanding officers will be advised of same in letters of instruction upon receipt of training authorities from the National Guard Bureau.

4. Brigade, Regimental, and separate unit commanders will perform the usual duties to include the publication of the necessary orders covering the conduct of their camps and programs therefor. At the termination of camps, commanding officers will submit a report to this office with such recommendations and comments as may be deemed advisable and helpful for the conduct of subsequent camps.

5. (a) Schedule of movements to and from camp by rail will be furnished all concerned in separate orders. No sleeping car accommodations are authorized.

(b) Units and detachments to move by motor will be so advised with information as to dates involved.

(c) Drayage from armory to railroad station and the reverse will be paid by the United States Property and Disbursing Officer on Form 1034 and 1034a W. D., which will be accompanied by receipted bills in duplicate from the person or persons rendering the service. Payments will not be made to officers commanding units. Such drayage will be accomplished for \$10.00 or less for each organization to cover hauling both ways from armories and in no case will \$20.00 be allowed unless it can be shown by

competitive bids that \$10.00 was inadequate. Full use will be made of organizational vehicular equipment and drayage will be allowed to organizations only in cases where no wagons or trucks are available to perform such services.

(d) Transportation requests and bills of lading will be furnished by the United States Property and Disbursing Officer together with instructions covering their use. Officers to whom transportation requests and bills of lading are issued will be held strictly accountable for their proper use and accomplishment.

(e) It being impracticable for the Government to furnish rations in kind, travel rations enroute to camp will be paid at the rate of not to exceed 30c per meal per man prorated between the usual three meals, or 90c per day. Travel rations on the return trip will be made on the basis of 90c per day or 30c per meal where less than a full day is consumed. Reimbursement will be made on this basis and receipted bills in duplicate must be obtained and attached to vouchers.

(f) Rations while in camp will be purchased by the Supply Officer, 252nd Coast Artillery, in accordance with instructions of the United States Property and Disbursing Officer. In the Third Army Maneuvers, rations will be provided by the Army Quartermaster from time of arrival in the concentration area until departure therefrom. Travel and camp rations will be standardized for officers and enlisted men and officers will have entered on their payrolls proper notations to cover deductions for such meals as are provided for them on the basis of ninety cents for travel and fifty-two cents (.527) camp or field ration per day. Separate instructions will be issued to cover rations of Reserve Officers who may be furnished meals with National Guard units.

(g) The United States Property and Disbursing Officer will pay all troops prior to their departure from camp, if practicable, and will settle all accounts incident to the camps properly payable from Federal funds.

(h) Any units holding an armory drill on the day of departure for camp will designate in company orders the hours for such drill to terminate prior to departure from home station. Such drills will be considered as properly supervised and usual armory drills as prescribed in regulations, provided, said drill is held on day prior to the opening of camp. Units returning to their stations before the last day of the camp will perform such duties as may be prescribed by their respective commanding officers. Personnel will not be dismissed until the actual commencement of the last day for which the camp is authorized.

(i) Gasoline and oil for use in motor vehicles will be purchased under Procurement Division, Treasury Department, contracts in accordance with instructions to be issued by the United States Property and Disbursing Officer.

6. (a) Regulation cotton uniforms, cotton or wool shirt, shoes, wool leggings, or boots, and campaign hat or field cap will be worn.

(b) The usual field equipment will be taken to Fort Moultrie, S. C., by the 252nd Coast Artillery and will be as prescribed by the commanding officer in appropriate orders.

7. Special Instructions Third Army Maneuver:

(a) Individual equipment:

NOTE: Edenton Co. (2 officers, 32 men, 800 lbs. impedimenta) will return from Brooklyn on S. A. L. Special via Raleigh—See return schedule Train No. 28.

1. The following will move to and from DeSoto National Forest in Government vehicles with date of departure, July 28, 1938:

113th Field Artillery,
 Detachment 252d Coast Artillery (1 officer, 48 E. M.),
 30th Signal Company,
 Regimental and Battalion Staff, 105th Q. M. Regiment,
 Company A, 105th Q. M. Regiment,
 Detachment Service Company, 120th Infantry (Inc. S.O. 120th Inf.),
 Detachment Headquarters and Service Co., 105th Engineers,
 Detachment Headquarters Company, 60th Brigade,
 Detachment Service Company, 105th Medical Regiment,
 Detachment Company I, 105th Medical Regiment,
 Detachment Company F, 105th Medical Regiment,
 State Detachment.

2. The above organizations will return to their home stations not later than August 14, 1938, and date of departure will be when relieved by proper authority. No sleeping car accommodations have been authorized. The number of officers and men shown is based upon prior camp attendance and, obviously, the actual number to travel may be more or less.

3. The senior officer present on each train and in each motor convoy will be in command and will be responsible for the conduct of the troops to and from camps. Guards will be kept on doors and the men prevented from leaving the coaches except when so ordered by proper authority. Special attention will be paid to transportation equipment and responsible officers will take the necessary steps to prevent any damages thereto.

4. All troops arriving at camps will be met by guides and taken to their areas. Commanding Officers of units moving by rail or motor are cautioned to exercise proper authority over their personnel and to take precautions, particularly, from a standpoint of safety.

By order of the Governor:

GENERAL ORDERS—1939

STATE OF NORTH CAROLINA
THE ADJUTANT GENERAL'S DEPARTMENT
RALEIGH, NORTH CAROLINA

GENERAL ORDERS
No. 1.

January 16, 1939.

1. The 1939 Annual Armory Inspection of the North Carolina National Guard, in accordance with the provisions of Section 93, National Defense Act, as amended, and letter NG 333, 45-Gen-39, Hq 4th CA, December 7, 1938 will be conducted, as provided in Section II, NGR 48, January 18, 1934, by officers of the Regular Army detailed by the Commanding General, Fourth Corps Area. The itinerary and the names of the Inspecting Officers are given in paragraph 10 of this order. Time of arrival of Inspecting Officers will be transmitted to organizations as soon as practicable. Upon their arrival, unit commanders will report by phone or in person.

2. The inspection will be made a formal occasion. The primary objects of the inspection are enumerated in paragraphs 8, NGR 48. The inspection of the training of the unit or headquarters will be confined to objectives prescribed in the program of the next higher commander, and which should have been scheduled previous to the inspection, and in addition, such other training as the unit or headquarters commander may have scheduled previous to the inspection. Unit and headquarters commanders should be prepared to demonstrate the state of training achieved in scheduled subjects by presenting for the inspector a previously planned and rehearsed schedule, after or during which the inspector may ask to see such phases of the schedule repeated, or such other training as has been laid down under schedules of the unit, as he may desire. The inspector will base his report on these subjects and no other. The planned demonstration of the training of the unit as a whole, including the repetition of certain phases of training, or other training covered in schedule, as the inspector may desire to see, should not exceed the normal drill time.

3. Attendance at inspection is compulsory. A report of all absentees from inspection by reason of unavoidable causes, such as sickness, etc., will be rendered to the Inspecting Officer. Absentees without leave of absence or on furlough will be dealt with in accordance with the law. Officers and enlisted men temporarily absent from their home stations at the muster and inspection of their organizations may be attached, for inspection, to any other organization, provided necessary arrangements are made with The Adjutant General by the immediate commanding officers and notice given the Inspector to whom they are to report.

4. The inspection of personnel will be made beginning at 8:00 P. M., on the date named herein. Field and Staff Officers whose station is that of their respective headquarters will report for inspection with the headquarters personnel. Hours of inspection may be changed after consultation between the Inspecting Officer and the unit commander. The organization commander, caretaker, and supply sergeant to be present at the

armory at such time in the afternoon as the Inspecting Officer may designate and all individual lockers opened and the field range set up. The first sergeant and company clerk to be present at the armory at the designated time in the afternoon for administrative inspection.

5. All property, arms, clothing, and equipment, will be thoroughly cleaned and put in good condition. Sealed boxes or cases need not be opened. Property in supply rooms and in individual lockers will be neatly and carefully arranged, that the Inspecting Officer may see its general condition and may count and check it easily and without loss of time. Items mentioned on spot inventory will be arranged as requested by the Inspecting Officer.

6. All records required by National Guard Regulations, or other War Department authority, will be fully written up and accessible. The files of retained enlistment and physical examination papers of enlisted men for the entire personnel at the time of the inspection must be conveniently arranged in case information of this nature is desired.

7. The service uniform, woolen (without packs), will be worn, including cap, regulation shoes and leggins (or boots). The olive drab service shirt will be worn under the coat. Officers will be uniformed the same as troops of their command with saber. Every effort will be made to have personal equipment complete, thoroughly renovated and properly cleaned in order that each may present a neat appearance.

8. Inspecting Officers are requested to inspect Motor Vehicle Service Record Books of those units having motor vehicles. (QMC Form 248).

9. Unit commanders will be ready to state what steps they have taken to carry out the 1939 Major Effort; Field and Staff Officers what they are doing (AEC work) to qualify for armory drill pay; and applicable officers what steps they have taken to overcome their deficiencies, noted in 1938 Armory and Field Inspection Reports.

10. Inspecting Officers and Dates for Inspections.

GENERAL ORDERS
No. 2.

January 17, 1939.

1. With profound sorrow, the death of

2nd LIEUTENANT WILLIAM ROBERT McRACKAN, Jr.

Service Battery, 252nd Coast Artillery, North Carolina National Guard, on January 5, 1939, at Whiteville, North Carolina, is announced.

2. Lieutenant McRackan was born in Whiteville, North Carolina, October 6, 1908. He was identified with the business and social life of the community in which he spent his entire life. At the time of his death, he was in the performance of his duties as an employee of the Tide Water Power Company. His death resulted from coming in contact with a high voltage power line. Lieutenant McRackan, after graduation from North Carolina State College, returned to Whiteville and for several years was a member of the high school faculty, serving as band instructor and teacher. In 1935, he resigned this position to become connected with the power company and remained with that company until the time of his death.

3. A man and an officer of sterling qualities, pleasant, and happy of manner, both in civil life and in the performance of his military duties, he was liked by all who knew him. His popularity was attested by his many friends, who with officers and men of the National Guard, with whom he had contact, deplore his untimely death.

Record of Service

Lieutenant McRackan, upon graduation from college, was commissioned 2nd Lieutenant, Infantry, Organized Reserve Corps, July 21, 1930. Commissioned 2nd Lieutenant, Coast Artillery, North Carolina National Guard, August 1, 1930, and was assigned to duty with Service Battery, 252nd Coast Artillery, which position he held at the time of his death.

No. 4

February 11, 1939.

1. All property purchased by organizations of the National Guard, from Company funds, including all moneys received for the benefit of the military units, will be listed on the sheets provided in the front of the Council Book. Such property, including office furniture and equipment, tools and implements, as may now be in possession of the organizations, will be checked and listed and in the future such records will be kept up to date.

2. Captain Thomas H. Upton, North Carolina National Guard, Property Auditor, upon his future visits to organizations to check Federal property, will check such property in addition to his check of Federal property.

3. Under a former ruling of The Attorney General, moneys received from whatsoever source by military organizations for the benefit of the command and the expenditure thereof should be accounted for to The Adjutant General. Therefore, a proper record of property purchased with such money should be listed and accounted for.

GENERAL ORDERS
No. 6.

March 6, 1939.

1. With profound sorrow, the death of

MAJOR CHARLES BARDEN

Quartermaster Corps, North Carolina National Guard, on February 28, 1939, at Raleigh, North Carolina, is announced.

2. Major Barden was born in England and early in life came to the United States, and has spent most of his life in and near Raleigh, North Carolina. For many years he was in the office of The Adjutant General, serving as Assistant to the United States Property and Disbursing Officer, where he was most capable in the performance of his duties. His interest in the military service is evidenced by the amount of time he gave to his duties as the Commanding Officer of the State Detachment, which unit he assumed command of soon after its organization. Major Barden, quiet of disposition, had a determination to accomplish desired results. Strong of will, though easy of manner, his ability as an officer has always been recognized. Though retiring, never putting himself in the foreground, he had many intimate friends who recognized his true merits, and to these friends he was most loyal and sincere. In his death, the National Guard has lost a most capable officer and a true friend, and his death will be mourned by his comrades.

Record of Service

Major Barden enlisted in the Quartermaster Corps, North Carolina National Guard, April 5, 1917, as a Private, and soon was promoted to a Sergeant 1st Class, and was inducted into Federal service with his organization for the World War on August 5, 1917. He served overseas with the 30th Division from May 28, 1918, to April 2, 1919, and was mustered out of the service upon his return to this country, April 8, 1919. Following the World War, Major Barden reenlisted in the newly organized State Detachment, Quartermaster Corps, North Carolina National Guard, on March 16, 1921. He served in the ranks as a Private and in the grades of non-commissioned officers and was discharged as a Technical Sergeant on September 12, 1921, to accept a commission. He was commissioned a 2nd Lieutenant September 13, 1921, and was assigned to the command of the State Detachment. He was promoted to a 1st Lieutenant, November 15, 1921; Captain, November 26, 1926; Major, November 14, 1929, in which rank he served as commanding officer of the State Detachment until his death.

RALEIGH

GENERAL ORDERS
No. 13.

June 2, 1939.

1. Under authority of the National Guard Bureau, War Department, fifteen-day Camps of Instruction will be held for the North Carolina National Guard as follows:

July 2-16, 1939-----Camp Foster, Fla.

Hq. 30th Division.

Hq. Dets. 30th Division.

30th Signal Co.

105th Engineers.

105th Med. Regt.

September 3-17, 1939-----Fort Moultrie, S. C.
252nd Coast Artillery.

July 16-30, 1939-----Fort Bragg, N. C.
113th Field Artillery.

July 16-30, 1939-----Camp Jackson, S. C.
State Staff and State Det. (QMC).

July 30-August 13, 1939-----Camp Jackson, S. C.
Hq. 60th Brigade.
Hq. Co. 60th Brig.
120th Infantry.
Regtl. Hq. Staff; Hq. 1st Bn. & Co. A, 105th QM Regt.

2. At the conclusion of the camps and training, organizations will return to their proper stations unless sooner relieved by proper authority.

3. Advance detachments will be in accordance with National Guard Bureau Circular No. 14 B, 1937, and Regimental and separate commanders will be advised of approval upon receipt of training authorities.

4. Brigade and Regimental Commanders or Senior officers present are designated as Camp Commanders for their respective camps, and will perform the duties of such to include the publication of the necessary orders covering the conduct of the camp and program of instruction. At the termination of the camps each Camp Commander will submit to the Adjutant General of North Carolina a report on his camp with such recommendations and comments as may be deemed advisable and helpful for subsequent camps.

5. (a) Schedule of movements to and from Camps of Instruction will be furnished all concerned in a separate communication.

(b) Drayage from armory to railroad station and the reverse will be paid by the United States Property and Disbursing Officer on Form 1034 and 1034a W. D., which will be accompanied by receipted bills in duplicate from the person or persons rendering the service. Payments will not be made to officers commanding units. Such drayage will be accomplished for \$10.00 or less for each organization to cover hauling both ways from armories and in no case will \$20.00 be allowed unless it can be shown by competitive bids that \$10.00 was inadequate. Full use will be made of

organizational vehicular equipment and drayage will be allowed to organizations only in cases where no wagons or trucks are available to perform such services.

(c) Transportation requests and bills of lading will be furnished by the United States Property and Disbursing Officer together with instructions covering their use. Officers to whom transportation requests and bills of lading are issued will be held strictly accountable for their proper use and accomplishment.

(d) It being impracticable for the Government to furnish rations in kind, travel rations enroute to camp will be paid at the rate of not to exceed 30c per meal per man prorated between the usual three meals. Travel rations on the return trip will be issued in kind by the various camp supply officers on the basis of 90c per day or 30c per meal where less than a full day is consumed. Reimbursement will be made on this basis and receipted bills in duplicate must be obtained and attached to vouchers.

(e) Rations while in camp for enlisted men will be purchased by the Supply Officers of the respective camps in accordance with instructions of the United States Property and Disbursing Officer. The allowance for this purpose is for the purchase of bona fide subsistence.

(f) The United States Property and Disbursing Officer will pay all troops prior to their departure from camp, if practicable, and will settle all accounts incident to the camps properly payable from Federal funds.

(g) Any units holding an armory drill on the day of departure for camp will designate in company orders the hours for such drill to terminate prior to departure from home station. Such drills will be considered as properly supervised and usual armory drills as prescribed in regulations. Provided said drill is held on day prior to opening of camp.

6. (a) *Uniform:* Cotton breeches, cotton or wool shirts, with black tie, shoes and leggins or boots and the service hat will be worn enroute to and from camps and during Field Training, except that Regimental and Separate Unit Commanders may prescribe the wearing of slacks on these occasions and when off duty, provided their commands when assembled are uniform throughout. Cotton breeches and leggins or boots should be used as far as possible in view of Circular 3 A-3, N. G. B., 1939.

(b) Complete equipment (less overcoats and equipment manifestly inappropriate) as shown in Table of Basic Allowances, including gas masks, will be taken with exceptions noted below. Unnecessary and unauthorized equipment and excess baggage will not be taken.

Field Artillery: The usual field equipment will be taken to Fort Bragg. Any exceptions will be made the subject of a special communication from this office.

Camp Jackson: South Carolina will furnish tentage and cots and such equipment will not be carried. Other usual and appropriate equipment will be taken, including bed sacks, and Field Ranges. Any exceptions will be made the subject of special instructions from this office.

Coast Artillery Corps: The usual field equipment will be taken to Fort Moultrie. Any exceptions will be made the subject of a special communication from this office.

Camp Foster: Tentage, cots and field ranges will be furnished by the U. S. P. & D. O., Florida.

7. Motor convoys will be conducted under the direction of Regimental or separate unit commanders concerned, who will be responsible for the safety of those so traveling and compliance with Laws and Regulations governing travel on the highways.

8. (a) Officers and enlisted men proceeding to and from camps, using transportation other than in accordance with orders or authority, will do so at their own risk.

(b) All officers and men will have complied with regulations as to vaccinations and inoculations prior to departure from home stations.

9. The provisions of NGR 45 will govern as to numerical strength, and organizations must comply with these and other regulations to be entitled to federal pay.

10. No debts or obligations against the State or United States will be incurred by an officer, enlisted man or organization, except such as may have been properly and specifically authorized from this office.

11. Commanding Officers of troops attending joint camps are directed to comply with all orders and regulations in force at the camp, and will issue necessary instructions to put this in effect.

12. Pay and allowances of officers and warrant officers and pay and subsistence of enlisted men will be settled by the United States Property and Disbursing Officer. Transportation of personnel and equipment will be paid by the Finance Officer, U. S. A., Washington, D. C. The expenses are chargeable as follows:

Pay, Officers	-----	NG-49132-P-3-0121-A-1405-40

July 1, 1939.

1. With profound sorrow, the death of

LIEUTENANT COLONEL WALTER GLUYAS CRAVEN

Finance Department, Finance Officer, 30th Division, North Carolina National Guard, on June 16, 1939, is announced.

2. Lieutenant Colonel Craven was born in Mecklenburg County, North Carolina, on March 23, 1881, and spent the latter years of his life in Charlotte, North Carolina, as an official of the City Industrial Bank. He was always interested in civic matters pertaining to his community, where he was most highly respected for his honesty, energy and initiative. As a man, he was of most pleasing address and was blessed with a happy and courteous disposition. No officer of the National Guard loved the military service, nor has been more energetic in its welfare, than he. He was truly an outstanding officer, whose activities and conduct could never be questioned. He had a host of friends who recognized his true merits and to these friends he was most loyal and sincere. In his death, his community has lost a valuable citizen and the National Guard a capable officer and a true friend. His death is mourned by both friends and comrades.

Record of Service

Lieutenant Colonel Craven entered the military service as a Private, Company D, 1st North Carolina Infantry, National Guard, in July, 1902, and having been promoted to the grade of Corporal and First Sergeant, was made Battalion Sergeant Major in 1905 and Regimental Sergeant Major, July 17, 1908. He was commissioned Captain, Quartermaster Corps, NC.NG., April 9, 1913. He is credited with federal service as a Captain during the Mexican Border troubles from June 26, 1916, to November 1, 1916, when he reverted to his National Guard status. He entered federal service again for the World War as a Captain, Quartermaster Corps, July 21, 1917, and served at Camp Sevier, South Carolina, Camp Travis and Fort Bliss, Texas, and Washington, D. C., and was discharged April 2, 1920. He was commissioned Major, Quartermaster Corps, National Guard, May 11, 1920, and was assigned to duty with the North Carolina State Staff. On November 26, 1926, he was promoted to Lieutenant Colonel and transferred to the Finance Department, being assigned to duty as Finance Officer, 30th Division, in which rank and position he served until his death.

1. With sorrow and regret, the sudden death of

2nd LIEUTENANT EDGAR W. CARR

Headquarters Battery, 113th Field Artillery, North Carolina National Guard, on August 10, 1939, is announced.

2. Lieutenant Carr was born in Sampson County, North Carolina, March 24, 1907, and lived the greater part of his life in Dunn, North Carolina. In civil life he was an Attorney, having the confidence and respect of those of his profession and the community at large. He was very popular among his many friends, and interested in civic matters, holding at the time of his death the position of Secretary of the Rotary Club. In his military career, his ability as a leader, and his knowledge of military subjects are well known by those with whom he served. Those who knew him as an enlisted man and as an officer of the North Carolina National Guard, as well as his many other friends, had the highest regard and respect for him. In his death the Guard loses a faithful and energetic officer and his community an outstanding citizen.

Record of Service

Lieutenant Carr enlisted with the Headquarters Battery, 113th Field Artillery, as a private, on October 24, 1926, with which organization he served continuously, being promoted through the grades of Sergeant, Staff Sergeant, Master Sergeant, and was discharged to accept a commission, November 15, 1937. He was appointed and commissioned Second Lieutenant, Field Artillery, November 16, 1937, and was assigned to duty with his battery, which rank and position he held at the time of his death.

1. It is with sincere sorrow that the death of

1st LIEUTENANT WILLIAM H. RHODES, JR.

Field Artillery, North Carolina National Guard, on August 24, 1939, at Rex Hospital, Raleigh, North Carolina, is announced.

2. Lieutenant Rhodes was born at Trenton, Jones, County, North Carolina, May 25, 1894, and entered the University of North Carolina in 1912, and later attended State College at Raleigh. After teaching school for a time in Jackson County, in 1919 he accepted a position with the State Department of Agriculture, where he became an authority on crop statistics and conditions. Lieutenant Rhodes was a gentleman of the highest order; of sterling qualities and most courteous in his manner and dealings. In his military service he displayed an unusual interest in his work and his popularity was attested by his many friends among officers and enlisted men. These, with his friends in civil life, deeply deplore his death. The National Guard has lost an energetic and most capable officer and a true friend. Sincerest sympathy is extended his family.

Record of Service

Lieutenant Rhodes entered the military service as a private at the time of entry of the United States into the World War, July 21, 1917, when he enlisted with the Headquarters Company, 1st North Carolina Field Artillery, which, when mustered into Federal Service became the 113th Field Artillery. He served in the American Expeditionary Force from May 26, 1918, to February 4, 1919. He filled the grades of Corporal and Sergeant and was made First Sergeant of his Battery, June 20, 1918; was discharged September 30, 1918, to accept a commission and was appointed Second Lieutenant, Field Artillery, on October 1, 1918. Upon return to the United States he was on duty at Fort Washington, Maryland; was honorably discharged March 24, 1919. Lieutenant Rhodes then accepted a Reserve Commission as Second Lieutenant, Field Artillery, May 7, 1920; promoted to First Lieutenant June 28, 1924. April 1, 1926, Lieutenant Rhodes enlisted with the Service Company, 120th Infantry, National Guard, and served in the grades of Private and Corporal. He was discharged on June 5, 1935. On June 6, 1935 he was commissioned First Lieutenant, Field Artillery, National Guard, and assigned to duty as Intelligence, Plans and Training Officer, Headquarters Staff, 113th Field Artillery and later served on the Staff as Liaison Officer, which rank and position he held at his death.

Necessary equipment and material for training in accordance with programs will be taken.

5. At the conclusion of the camps and training, organizations will return to their proper stations unless sooner relieved by proper authority.

6. Schedule of rail movements to and from Camps of Instruction will be furnished all concerned in a separate communication.

7. The United States Property and Disbursing Officer will pay all troops prior to their departure from camp, if practicable, and will settle all accounts incident to the camps properly payable from Federal funds.

8. Motor convoys are authorized and will be conducted under the direction of Regimental or separate unit commanders concerned, who will be responsible for the safety of those so traveling and compliance with Laws and Regulations governing travel on the highways.

9. Officers and enlisted men proceeding to and from camps, using transportation other than in accordance with orders or authority, will do so at their own risk.

10. All officers and men will have complied with regulations as to vaccinations and inoculations prior to departure from home stations.

11. The provisions of NGR 45 will govern as to numerical strength, and organizations must comply with these and other regulations to be entitled to federal pay.

12. Compliance with Circular Letter No. 4, Office of the U. S. Property and Disbursing Officer, November 13, 1939 is directed.

13. No debts or obligations against the State or United States will be incurred by an officer, enlisted man or organization, except such as may have been properly and specifically authorized from this office or the U. S. Property and Disbursing Officer.

14. Commanding Officers of troops attending joint camps are directed to comply with all orders and regulations in force at the camp, and will issue necessary instructions to put this in effect.

15. Pay and allowances of officers and warrant officers and pay and subsistence of enlisted men will be settled by the United States Property and Disbursing Officer. Transportation of personnel and equipment will be paid by the Finance Officer, U.S.A., Washington, D. C.

The expenses are chargeable as follows:

GENERAL ORDERS
No. 4.

January 22, 1940.

1. The 1940 Annual Armory Inspection of the North Carolina National Guard, in accordance with the provisions of Section 93, National Defense Act, as amended, and letter NG 333, 45-Gen-40, Hq 4th CA, December 4, 1939 will be conducted, as provided in Section II, NGR 48, January 18, 1934, by officers of the Regular Army detailed by the Commanding General, Fourth Corps Area. The itinerary and the names of the Inspecting Officers are given in paragraph 10 of this order. Time of arrival of Inspecting Officers will be transmitted to organizations as soon as practicable. Upon their arrival, unit commanders will report by phone or in person.

2. The inspection will be made a formal occasion. The primary objects of the inspection are enumerated in paragraph 8, NGR 48. The inspection of the training of the unit or headquarters will be confined to objectives prescribed in the program of the next higher commander, and which should have been scheduled previous to the inspection, and in addition, such other training as the unit or headquarters commander may have scheduled previous to the inspection. Unit and headquarters commanders should be prepared to demonstrate the state of training achieved in scheduled subjects by presenting for the inspector a previously planned and rehearsed schedule, after or during which the inspector may ask to see such phases of the schedule repeated, or such other training as has been laid down under schedules of the unit, as he may desire. The inspector will base his report on these subjects and no other. The planned

demonstration of the training of the unit as a whole, including the repetition of certain phases of training, or other training covered in schedule, as the inspector may desire to see, should not exceed the normal drill time.

3. Attendance at inspection is compulsory. A report of all absentees from inspection by reason of unavoidable causes, such as sickness, etc., will be rendered to the Inspection Officer. Absentees without leave of absence or on furlough will be dealt with in accordance with the law. Officers and enlisted men temporarily absent from their home stations at the muster and inspection of their organizations may be attached, for inspection, to any other organization, provided necessary arrangements are made with The Adjutant General by the immediate commanding officers and notice given the Inspector to whom they are to report.

4. The inspection of personnel will be made beginning at 8:00 P. M., on the date named herein. Field and Staff Officers whose station is that of their respective headquarters will report for inspection with the headquarters personnel. Hours of inspection may be changed after consultation between the Inspecting Officer and the unit commander. The organization commander, caretaker, and supply sergeant to be present at the armory at such time in the afternoon as the Inspecting Officer may designate and all individual lockers opened and the field range set up. The first sergeant and company clerk to be present at the armory at the designated time in the afternoon for administrative inspection.

5. All property, arms, clothing, and equipment, will be thoroughly cleaned and put in good condition. Sealed boxes or cases need not be opened. Property in supply rooms and in individual lockers will be neatly and carefully arranged, that the Inspecting Officer may see its general condition and may count and check it easily and without loss of time. Items mentioned on spot inventory will be arranged as requested by the Inspecting Officer.

6. All records required by National Guard Regulations, or other War Department authority, will be fully written up and accessible. The files of retained enlistment and physical examination papers of enlisted men for the entire personnel at the time of the inspection must be conveniently arranged in case information of this nature is desired.

7. The service uniform will be worn. Regimental and Separate Unit Commanders will prescribe the details of the uniform for his command, considering the availability of breeches, slacks, boots, shoes and leggins in possession of the respective units. Officers will be uniformed the same as troops of the command, with saber.

8. Inspecting Officers are requested to inspect Motor Vehicle Service Record Books of those units having motor vehicles. (QMC Form 248).

9. Unit commanders will be ready to state what steps they have taken to carry out the 1940 Major Effort; Field and Staff Officers what they are doing (AEC work) to qualify for armory drill pay; and applicable officers what steps they have taken to overcome their deficiencies, noted in 1938 Armory and Field Inspection Reports.

10. Inspecting Officers and dates for Inspections.

GENERAL ORDERS
No. 7

January 31, 1940.

1. Pursuant to par. 21, NGR 45, and Section 109, National Defense Act, the following appropriate duties for Field and Staff Officers, NC.NG., to entitle such officers to the equivalent of armory drill pay, as provided in regulations are announced:

a. Brigade, Regimental and Separate Battalion Commanders:

Army Extension Courses in part or full qualification in work commensurate with their commands (exclusive of the "Administration functions" specifically referred to in Section 109 National Defense Act and set forth in paragraph 63, National Guard Regulations 45) and/or conducting or attendance at schools and drills.

b. All Other Field and Staff Officers:

Army Extension Courses, full required time; except that qualification for other equivalent duties performed is authorized when such equivalent duties are deemed by the Instructor concerned with certifying to payrolls, appropriate duties, commensurate with the officer's grade and branch. Such equivalent duties shall not exceed fifty (50) per cent of the required time or duties in each payroll quarter. The following are considered equivalent duties:

- (1) Attendance at drills when the officer takes some definite part in the drill or instruction.
- (2) Student or Instructor at organized schools, either officer's or non-commissioned officer's schools.
- (3) Other special military work commensurate with the officer's grade and branch.

2. Six (6) hours per month or eighteen (18) hours per payroll quarter is the minimum requirement of appropriate duties performed to entitle the Field or Staff Officers to the equivalent of armory drill pay, as provided in Regulations.

3. Field and Staff Officers qualifying for pay, in full or in part, through duties performed, other than on Army Extension Courses, as provided in paragraph 1, hereof, will report at the end of each month, to the Instructor concerned, on W.D. Form 107, the equivalent duty or duties performed and the number of hours.

4. All orders in conflict herewith are hereby rescinded.

GENERAL ORDERS
No. 16

April 16, 1940.

1. Pursuant to paragraph 21, National Guard Regulations 45 and Section 109, National Defense Act, the following will govern appropriate duties for Field and Staff officers, N.C.N.G., to entitle such officers to the equivalent of Armory Drill Pay, as provided in Regulations:

- a. Brigade and Regimental Commanders: Army Extension courses, or part or full qualification in duties commensurate with their commands (exclusive of the "administrative functions" specifically referred to in Section 109, National Defense Act and set forth in paragraph 63, National Guard Regulations 45) and/or conducting or attendance at schools and drills.
- b. All other Field and Staff Officers: A minimum of 5 hours per payroll quarter, being 20 hours total minimum per year, in completion of Army Extension Courses and such other equivalent and appropriate duties (exclusive of the "administrative functions" specifically referred to in Section 109, National Defense Act and set forth in paragraph 63, National Guard Regulations 45) and/or attendance at or conducting schools and drills.
- c. The minimum of twenty (20) hours A.E.C. work as per subparagraph b, above, will not govern as to full requirements in all cases. The Brigade, Regimental or separate Battalion Commander concerned will familiarize himself with the requirements of his officers and will direct, in orders, the number of hours of A.E.C. work to be accomplished within the quarter and year, for each Field and Staff Officer of his command, as in his judgment is necessary. In other words, a minimum of five (5) hours per quarter or twenty (20) per year is only prescribed in order to take care of exceptional cases and except in these cases A.E.C. work should be performed on the basis of full required time within the quarter and year or such part of the full time as Brigade or Regimental commanders concerned consider necessary to the training of the officer. It is considered that the majority of officers will require an average of fifty per cent (50 %) study of A.E.C., or more. A copy of such orders will be furnished the Instructor concerned with the pay rolls and Forms 100, and a copy to the Adjutant General, North Carolina.
- d. The Instructor concerned is requested to furnish information, at the end of each pay roll quarter, to the Brigade, Regimental or Separate Battalion Commander, as to the number of hours accomplished and the courses completed by Field and Staff officers, whose A.E.C. and pay roll he checks.
- e. Allowance of credits for pay, for performance of other appropriate duties, will be determined by the Instructor, who checks and is concerned with certifying to the pay roll. The following are considered equivalent duties:
 - (1) Attendance at drills when the officer takes some definite part in the drill or instruction; physically examines recruits or other substantial duties.
 - (2) Student or Instructor at organized schools, either officers' or non-commissioned officers' schools.
 - (3) Other special military work commensurate with the officer's grade and branch.

Brigade, Regimental and separate Battalion Commanders having, at times, certain other appropriate duties for assignment

to a Field or Staff officer of his command should advise the Instructor of such assignment.

2. Brigade, Regimental and Separate Battalion Commanders will deal directly with the Instructor who checks his pay roll.

3. The State Staff will continue study of A.E.C., Selective Service and appropriate duties as now prescribed and any exceptional cases will be handled by The Adjutant General.

4. Six (6) hours per month or eighteen (18) hours per pay roll quarter is the minimum requirement of appropriate duties performed to entitle the Field or Staff Officers to the equivalent of armory drill pay, as provided in Regulations. This is based upon the forty-eight (48) pay drills per annum authorized by the National Guard Bureau for this present fiscal year.

5. Field and Staff Officers qualifying for pay, in full or in part, through duties performed, other than on Army Extension Courses, as provided in paragraph 1, hereof, will report at the end of each month to the Instructor concerned, on W.D. Form 107, the equivalent duty or duties performed and the number of hours, giving a detailed statement on Form 107 as to type or kind of duty performed.

6. All orders in conflict herewith are hereby rescinded.

RALEIGHGENERAL ORDERS
No. 22

June 26, 1940.

1. Under authority of the National Guard Bureau, War Department, and Training Authority No. 49-2, June 12, 1940, the twenty-one day Camps of Instruction, 252d Coast Artillery, 155mm-Gun Regiment, North Carolina National Guard, will be held as follows:

July 7-27, 1940-----Fort Moultrie, S. C.

2. At the conclusion of the camp and training, organizations will return to their proper stations unless sooner relieved by proper authority.

3. Advance detachments will be in accordance with National Guard Bureau Circular No. 16B, November 30, 1939, and as authorized by this department.

4. The Regimental Commander or Senior officer present is designated as Camp Commander for the camp, and will perform the duties of such to include the publication of the necessary orders covering the conduct of the camp and program of instruction. At the termination of the camp, the Camp Commander will submit to the Adjutant General of North Carolina a report on his camp with such recommendations and comments as may be deemed advisable and helpful for subsequent camps.

5. (a) It being impracticable for the Government to furnish rations in kind, travel rations enroute to camp will be paid at the rate of not to exceed 30c per meal per man prorated between the usual three meals. Travel rations on the return trip will be on the basis of 90c per day or 30c per meal where less than a full day is consumed. Reimbursement will be made on this basis and receipted bills in duplicate must be obtained and attached to vouchers.

(b) Rations while in camp for enlisted men will be purchased by the Supply Officer of the Regiment in accordance with instructions of the United States Property and Disbursing Officer. The allowance for this purpose is for the purchase of bona fide subsistence.

(c) The United States Property and Disbursing Officer will pay all troops prior to their departure from camp, if practicable, and will settle all accounts incident to the camp properly payable from Federal funds.

(d) Any units holding an armory drill on the day of departure for camp will designate in company orders the hours for such drill to terminate prior to departure from home station. Such drills will be considered as properly supervised and usual armory drills as prescribed in regulations; provided said drill is held on day prior to opening of camp.

6. (a) Complete equipment (less overcoats and equipment manifestly inappropriate) as shown in Table of Basic Allowances, including gas masks, will be taken with exceptions noted below. Unnecessary and unauthorized equipment and excess baggage will not be taken.

(b) The usual field equipment will be taken to Fort Moultrie, S. C. Any exceptions will be made the subject of a special communication from this office. The Commanding Officer, 252d Coast Artillery, 155 mm-Gun Regiment, N.C.N.G., will prescribe the uniform in accordance with existing uniform regulations. Breeches, cotton, O.D. and khaki, will be utilized in the fullest extent.

7. (a) The movement to and from camp will be by Government motor transportation.

(b) Motor convoys will be conducted under the direction of Regimental or separate unit commanders concerned, who will be responsible for the safety of those so traveling and compliance with Laws and Regulations governing travel on the highways.

(c) Officers and enlisted men proceeding to and from camps, using transportation other than in accordance with orders or authority, will do so at their own risk.

8. (a) All officers and men will have complied with regulations as to vaccinations and inoculations prior to departure from home stations.

(b) The provisions of National Guard Regulations 45 will govern as to numerical strength, and organizations must comply with these and other regulations to be entitled to federal pay.

(c) No debts or obligations against the State or United States will be incurred by an officer, enlisted man or organization, except such as may have been properly and specifically authorized from this office.

(d) Commanding Officers of troops attending joint camps are directed to comply with all orders and regulations in force at the camp, and will issue necessary instructions to put this in effect.

9. Pay and allowances of officers and warrant officers and pay and subsistence of enlisted men will be settled by the United States Property and Disbursing Officer. Transportation of personnel and equipment will be paid by the Finance Officer, U. S. A., Washington, D. C. The expenses are chargeable as follows:

Pay, Officers-----	NG-49132-P-3-0121-A-1405-01
Pay, Warrant Officers -----	NG-49132-P-3-0122-A-1405-01

RALEIGH

GENERAL ORDERS
No. 25

July 16, 1940.

1. Under authority of the National Guard Bureau, War Department, dated July 11, 1940, Camps of Instruction for the North Carolina National Guard will be held as follows:

**CAMP SHELBY, MISSISSIPPI AND SABINE CONCENTRATION AREA
(LOUISIANA-TEXAS) AND VICINITY, AUGUST 4-24, 1940**

**30th Division Units
State Staff and Detachment**

2. At the conclusion of the Camps, organizations will return to their proper stations unless sooner relieved by proper authority.

3. Advance detachments and other details will be based upon Circular 16 B, National Guard Bureau, November 30, 1939, and in cases where necessary commanding officers will be advised of same in letters of instruction upon receipt of training authorities from the National Guard Bureau.

4. Brigade, Regimental, and separate unit commanders will perform the usual duties to include the publication of the necessary orders covering the conduct of their camps and programs therefor. At the termination of camps, commanding officers will submit a report to this office with such recommendations and comments as may be deemed advisable and helpful for the conduct of subsequent camps.

5. (a) Schedule of movements to and from camp by rail will be furnished all concerned in separate orders. No sleeping car accommodations are authorized.

(b) Units and detachments to move by motor will be so advised with information as to dates involved.

(c) Drayage from armory to railroad station and the reverse will be paid by the United States Property and Disbursing Officer on Form 1034 and 1034a W. D., which will be accompanied by receipted bills in duplicate from the person or persons rendering the service. Payments will not be made to officers commanding units. Such drayage will be accomplished for \$10.00 or less for each organization to cover hauling both ways from armories and in no case will \$20.00 be allowed unless it can be shown by competitive bids that \$10.00 was inadequate. Full use will be made of organizational vehicular equipment and drayage will be

allowed to organizations only in cases where no wagons or trucks are available to perform such services.

(d) Transportation requests and bills of lading will be furnished by the United States Property and Disbursing Officer together with instructions covering their use. Officers to whom transportation requests and bills of lading are issued will be held strictly accountable for their proper use and accomplishment.

(e) It being impracticable for the Government to furnish rations in kind, travel rations enroute to camp will be paid at the rate of not to exceed 30c per meal per man prorated between the usual three meals, or 90c per day. Travel rations on the return trip will be made on the basis of 90c per day or 30c per meal where less than a full day is consumed. Reimbursement will be made on this basis and receipted bills in duplicate must be obtained and attached to vouchers.

(f) Rations will be provided by the Army Quartermaster from time of arrival in the concentration area until departure therefrom. Travel and camp rations will be standardized for officers and enlisted men and officers will have entered on their payrolls proper notations to cover deductions for such meals as are provided for them on the basis of ninety cents for travel and fifty-three cents (.531) camp or field ration per day. Separate instructions will be issued to cover rations of Reserve Officers who may be furnished meals with National Guard units.

(g) The United States Property and Disbursing Officer will pay all troops prior to their departure from camp, if practicable, and will settle all accounts incident to the camps properly payable from Federal funds.

(h) Any units holding an armory drill on the day of departure for camp will designate in company orders the hours for such drill to terminate prior to departure from home station. Such drills will be considered as properly supervised and usual armory drills as prescribed in regulations, provided, said drill is held on day prior to the opening of camp. Units returning to their stations before the last day of the camp will perform such duties as may be prescribed by their respective commanding officers. Personnel will not be dismissed until the actual commencement of the last day for which the camp is authorized.

(i) Gasoline and oil for use in motor vehicles enroute to and from camp will be purchased under Procurement Division, Treasury Department, contracts in accordance with instructions to be issued by the United States Property and Disbursing Officer.

ANNEX—To accompany

General Orders No. 25, AGO.NC., 1940.

1. The following information is furnished those of the Guard concerned with the Third Army Maneuvers, 1940:

2. *Mail*—Officers and men should be advised that mail addressed to the individual show company, battery, or detachment, and regiment and forwarded as follows:

August 4-14: APO 30
Camp Shelby, Hattiesburg, Mississippi
August 15-24: APO 30
Alexandria, Louisiana.

b. A *Roster* of each Company, Battery, and Detachment will be submitted to the Headquarters, 30th Division, in *triplicate* upon arrival of the unit in the concentration area. Paper 8 x 13 should be used.

c. Each company or battery, battalion and larger organization, will provide itself before leaving home station with suitable signs to indicate their location and to mark routes or approach to such location.

d. *Equipment for recreation* will not be carried as no time is available for its use.

e. *Canteens* will be established, if desired, under arrangements of regimental and separate unit commanders as authorized by higher authority.

f. In order that subsistence and other supplies may be arranged for troops, convoy and train commanders will report by telegraph to the Commanding General Third Army, Camp Beauregard, the date and probable hour of arrival of their units. These reports will be made twenty-four (24) hours in advance of arrival or upon departure from home stations. This is particularly important in order that rations may be available for preparation of the first meal after arrival.

g. *Ration Returns* for two days will be submitted to Division Headquarters immediately upon arrival by each regimental and by each separate unit commander.

h. National Guard and Reserve Officers will buy and pay for their travel rations to and from camp, unless it is impracticable to do so, and will not include same on vouchers submitted for travel rations. Such travel and camp rations as are furnished will be fully covered on camp payrolls to include arrival back at home station.

i. *Wood and water* will be placed near the bivouac area of units and will be obtained from these distributing points by Supply Officers of the Unit.

j. *Ice boxes* as be suitable should be constructed at home station for use during the maneuvers.

2. *Small units* for which no medical personnel is provided will take a container packed with first aid supplies, to be taken by them into the field.

3. *Dependents*. Because of the limited facilities for personnel and the nature of open field operations, no member of an officer's or enlisted man's family, or other individual will be present with him in the concentration or maneuver areas.

4. *Ammunition and Ordnance Supply.*

a. *No ball ammunition* will be taken to the concentration and maneuver areas by units.

b. *No blank ammunition* will be brought by troops to the concentration areas. All blank ammunition will be furnished by Army.

5. *Maps* of concentration and maneuver areas will be issued automatically.

6. Commanding officers of all units will assure themselves that no military personnel are taken to camp whose immunization against smallpox and typhoid fever has not been completed prior to departure from home station. Venereal cases will not be taken to camp.

7. National Guard units will furnish attached Reserve Officers on Memorandum Receipt such shelter and equipment as authorized by existing instructions and Tables of Equipment. Where necessary, such equipment will be available at the Camp Shelby Quartermaster Depot for issue to Reserve Officers as per paragraph 8, c, Annex No. 1, Quartermaster Plan, To Administrative Instructions No. 4, Headquarters Third Army, July 12, 1940.

8. *National Guard unit commanders will not include attached Reserve Officers in their Transportation Requests.* The following in this connection is quoted from instructions issued by Headquarters Fourth Corps Area, to Reserve Officers ordered to active duty with National Guard units:

"IMMEDIATELY UPON RECEIPT OF YOUR ORDERS, you *must* apply to the Quartermaster, Fourth Corps Area, Post Office Building, Atlanta, Georgia, for Government Transportation from the *National Guard Unit Assembly Point to the Maneuver Area and return*, as shown in your orders. You *may* also apply for and be furnished with Government Transportation from your *home to the National Guard Unit Assembly Point and return*. A blank form for making application for Government Transportation is enclosed for your convenience. A delay in forwarding this application may result in your not receiving the transportation in time to be used on the date stated in your orders.

"TWO (2) COPIES OF YOUR ACTIVE DUTY ORDERS MUST BE FORWARDED WITH YOUR APPLICATION FOR TRANSPORTATION."

9. Blank Forms, prescribed and applicable, will be obtained by Unit Commanders and especially units with motor vehicles will see that all forms prescribed for their operation and maintenance are on hand and available for use.

10. The attention of Commanding Officers of regiments and separate units is directed to paragraph 1, a to e inclusive, Administrative Instructions No. 2, Headquarters Third Army, June 24, 1940, subject, "Rents, Damages and Claims."

11. Regimental and separate unit commanders are being supplied with copies of all "Administrative Instructions" and "Letters of Instructions" emanating from Headquarters Fourth Corps Area or Headquarters Third Army. They will extract and issue therefrom such parts as may be considered necessary for the information and guidance of their units.

STATE OF NORTH CAROLINA
ADJUTANT GENERAL'S DEPARTMENT
RALEIGHCIRCULAR LETTER
No. 5

February 2, 1938.

1. Section III, National Defense Act, provides in part, "In the initial mobilization of the National Guard of the United States, war strength officer personnel shall be taken from the National Guard *as far as practicable* and for the purpose of this expansion, warrant officers and enlisted men of the National Guard, may, in time of peace, be appointed officers of the National Guard of the United States and commissioned in the Army of the United States"; however, under the National Defense Act, when a Federal emergency exists and the President of the United States calls the National Guard into Federal service, the National Guard reverts to Federal control and War Department Mobilization Plans provide, that on M day the State is precluded further appointment of National Guard officers. They further contemplate, that any war strength vacancies which can not be filled from Inactive National Guard Officers or enlisted men commissioned in the National Guard of the United States shall be filled from other sources.

2. From the information above, one can readily see the advantage to unit commanders to encourage any qualified enlisted men of their organization, whom they would recommend and desire for their junior officers in time of an emergency, to qualify themselves professionally by enrolling for AEC work with the Instructor assigned to their unit. When the candidate has completed the 10 series, he should apply to the Adjutant General of North Carolina, through military channels, for a commission in the National Guard of the United States. Such commissions continue only so long as the holder is enlisted in the active National Guard. When the candidate has been commissioned, he should be encouraged to continue his AEC work so that he will be prepared for promotion and so that your organization may be benefitted by the addition of another qualified instructor and a source of replacement for a peacetime officer vacancy.

3. Section 58, National Defense Act, which establishes the National Guard of the United States provides "That in the grades of first lieutenant and second lieutenant the number shall be unlimited"; therefore, if you are fortunate enough to have two or more qualified individuals whom you would recommend and desire for officers of your command, you should encourage them to acquire such commissions. Where there are more than one to a unit, they can be carried in the State pool for assignment in an emergency and thus be assured of service with their friends in an organization of the North Carolina National Guard.

4. Under existing regulations, the enlisted personnel of the National Guard promises to be the most productive source of officer personnel in event of emergency expansion; therefore, you are urged to give the matter serious thought and should you have qualified material in your command, try to develop it for such an emergency. Should there be any questions concerning such commissions, that are not clarified by AR 130-15 or NGR 30, please refer them to this office which will lend its fullest cooperation in the matter.

MEMORANDUM
No. 1

January 6, 1939.

1. Commanding officers of units equipped with the rifle, in the majority of cases, seem to have failed to read carefully, or have probably forgotten, Memorandum No. 26, this office, October 15, 1938, since replies from only a few have been received.

2. Memorandum No. 26 called for a more active interest and training in marksmanship. Replies have been received from six units of the 120th Infantry: Companies A, F, I, K, L, and Hq. Co. 1st Bn. None from the Engineers.

3. Having urged upon unit commanders some interest in the Chief of the National Guard Bureau Indoor Rifle Matches, beginning this month, entries have been made only by Companies A and C, Engineers, and Companies B and E and Hq. Co. 1st Bn., Infantry, or five in all.

4. Memorandum No. 26 stated facts and the necessity for a definite and constant training in marksmanship and called attention to the firing of the prescribed course for qualifications. Judging from the failure to make reply as called for and the very few units entering the Indoor Matches, it is apparent that this phase of training is not taken seriously by many unit commanders. The rifle units are well behind those of many states in this work which is not at all gratifying.

5. The Commanding Officers of the 105th Engineers and 120th Infantry are urged to use every effort to bring this phase of training to a higher standard of efficiency in the units of their command and to require replies on this subject to this office, through their respective headquarters.

STATE OF NORTH CAROLINA
ADJUTANT GENERAL'S DEPARTMENT
RALEIGH

CIRCULAR LETTER
No. 13

March 12, 1940.

1. The retirement of Colonel Adolphe Huguet and his severance of connection with the North Carolina National Guard as the Senior Instructor the last of this month and the detail of Colonel Millard F. Waltz, Jr., Inf. as Senior Instructor, is announced.

2. Colonel Waltz, who has reported at this office, was for many years an officer of the New York National Guard and was at Camp Wadsworth, Spartanburg, South Carolina with the 27th Division prior to joining the A.E.F. during the World War. He has had much experience as an Instructor of Reserves. His last assignment, before coming to us, was as Executive Officer of one of the Reserve Areas, 8th Corps, with headquarters at Columbus, Ohio. I bespeak for him every courtesy and a close friendly, official and personal relationship with the officer personnel of the Guard as well as with the Instructor personnel.

3. Colonel Huguet, having completed more than the normal four year detail to this state, after a leave of absence, will retire from active service. Colonel Huguet has served the Guard in an earnest and interested manner and has been, at all times, ready to assist The Adjutant General in such problems as would arise. We have worked in harmony and with a close personal relationship. On behalf of the Officers of the Guard, I wish for him a long life of health, happiness and pleasure.

NORTH CAROLINA IN THE PROGRAM OF NATIONAL DEFENSE

Within the year 1940, the serious and chaotic conditions in foreign countries have caused the American people to consider, to a greater extent than in the many years past, the National Defense of this country. Though we are separated by many miles from foreign countries, it must be realized that the fast methods of travel cover distances in a much quicker manner than heretofore. We have realized that the economic structure of the world may, and possibly will, change and such a change necessarily affects the United States.

The history of North Carolina is sufficient for the statement that this State has, in the years past, placed itself in the front lines in every national emergency. The State is today doing its part in the program of National Defense and in addition to the young men being inducted through the Selective Service System, it has already provided a large number of men through the induction of the National Guard on September 16, 1940, at which time approximately 5,000 men entered the federal military service.

January, 1940, found the North Carolina National Guard, headed by the Adjutant General's Department, in the transition from peace time to emergency measures, leading up to the present special training and national emergency. In January, the troops in North Carolina were completing a special two drill per week period and an emergency seven day special winter field training period. This special field training period found the 120th Infantry bivouacked in three training areas at Henderson, Reidsville, and Concord, while the 113th Field Artillery combined its courses and training as a regiment at Fort Bragg. The 105th Engineers trained at Charlotte, Salisbury, and Morganton; the 105th Medical Regiment at Henderson; and the 105th Quartermaster Regiment at Winston-Salem. The 252nd Coast Artillery split their training into several week-end phases, training at Wilmington, Raeford, and Greensboro. Headquarters 60th Brigade, Headquarters Company 60th Brigade, and the 30th Signal Company journeyed to Macon, Georgia, for their special training with General Russell and the 30th Division Staff. The State Staff and State Detachment encamped at Raleigh and worked on the details and plans of Selective Service.

Immediately following these camps, the North Carolina National Guard began intensive preparation for annual armory inspection, conducted annually under direction of the War Department, which, in view of the foreign situation, was more rigid than any inspections held for a score of years.

In March, three officers from the State Staff attended Selective Service school in Washington, discussing with officers from the entire country plans and preparations for the operation of Selective Service in view of existing conditions.

In May, 1940, the strength of the North Carolina National Guard was increased from approximately 3,500 officers and enlisted men to approximately 4,300 officers and enlisted men.

The War Department deviated from the usual custom of 15 day camps of instruction and the Guard went into field maneuvers for 21 days during July-August, 1940. This involved much extra work in the Adjutant General's Department, as it necessitated a complete new set of plans, details, and

estimates within a short period of time. These summer maneuvers for the North Carolina troops took place as follows: the 252nd Coast Artillery trained at Fort Moultrie, South Carolina, while the balance of the troops, which are a part of the 30th Division, the State Staff and State Detachment trained in the Mississippi-Louisiana areas. During this encampment, all troops from this State participated in extensive field training, which reminded many old timers of the days of '16, '17 and '18. The State Staff devoted most of its time to the study of plans for Selective Service, which it was then realized would soon be ordered into operation.

Almost immediately following Army maneuvers, the National Guard units of North Carolina were, on September 16, 1940, inducted into federal service as the National Guard of the United States in the Army of the United States, the National Guard then passing from the control of the Governor to control of the federal authorities.

The troops of this State, as a part of the 30th Division, and our Coast Artillery Regiment, were among the first few divisions and troops called into the federal service for the one year's intensive training. Though a sacrifice to many officers and men, all, recognizing the prerogative of the President of the United States, acting with the authority of Congress to call on the National Guard because of conditions confronting the country, entered the federal service with a very fine spirit and with high morale.

On September 16, the day of induction, all units were mobilized at their respective home stations throughout the State and within 15 days, all troops, except the Coast Artillery, joined troops from the states of South Carolina, Georgia, and Tennessee, comprising the 30th Division, at Fort Jackson, South Carolina. The 252nd Coast Artillery proceeded to Fort Moultrie, South Carolina, with the exception of one battalion, which is encamped at Fort Screven, Georgia.

Upon the entry of the National Guard into federal service, the Adjutant General, appointed by the Governor, State Director of Selective Service in addition to his other duties, began the organization of a force preparatory to putting into effect this system to meet the requirements of the federal government. The ordering of the National Guard into federal service and the operation of the Selective Service System is something new to the entire nation in times of peace. The eight members of the State Staff, many of whom have in the past made a study under direction of the War Department of the Selective Service System and having been inducted into federal service, were assigned to duty in this office by the War Department. It is, in this fact, that headquarters were promptly organized and through which the State Headquarters has been enabled to carry out its work with a reasonable degree of efficiency.

During the year 1940 North Carolina has had the privilege of sending numerous officers to various service schools. These officers made outstanding records in these schools and their knowledge has proved of great value in instructing and aiding their regiments in the present training.

Within the past few years, through the efforts and activities of the Adjutant General's Department, many communities, each of which provided the sponsor's contribution to match WPA funds, have constructed new and very fine armories to provide protection of federal property and adequate facilities for the training of troops. There are now the following cities having new armories and in addition thereto the cities of Warrenton, Smith-

field, Roanoke Rapids, Oxford and Shelby are in preparation for the construction of homes for their National Guard units:

New Bern	Raeford	High Point	Madison
Edenton	Gastonia	Reidsville	Henderson
Wilmington	Salisbury	Albemarle	Concord
Greenville	Raleigh	Washington	Morganton
Wilson	Waynesville	Canton	Whiteville
Durham	Sanford	Leaksville	Parkton
Louisburg	Lumberton		

Even though there is always room for improvement, the Adjutant General's Department and the Headquarters of Selective Service are proud of the smooth transition of the National Guard from State to Federal service and the efficient manner in which the Selective Service System is now functioning. The combined office force of both departments has work diligently and faithfully in the performance of all duties.

As we approach 1941, the Adjutant General's Department is busily engaged with plans and preparations for the establishment of Home Guard units to take the place of the National Guard. Just how many units will be authorized and where they will be located has not definitely been determined. All that can now be said is that every possible effort will be made to provide the State with an adequate number of units to take care of any emergency.

**BRIEF FOR CONSIDERATION OF JOINT COMMITTEE
ON APPROPRIATIONS**

The total amount requested by this Department for the National Guard of the State represented minimum requirements and though the Budget Commission reduced a number of items, which will curtail, somewhat, our activities, it is believed, with two exceptions, that by effecting economies during the two years the work required can be satisfactorily carried on.

The exceptions are as follows:

ITEM No. 203.—SEMI-ANNUAL ALLOWANCES TO ORGANIZATIONS: It is requested that the Budget Commission's recommendation of \$33,100 be increased by \$1,500 to a total of \$34,600.00.

a. This item covers allotments made semi-annually to sixty (60) units of the National Guard to defray expenses of armory rent; heat; lights and water; letter writing supplies; postage and other necessary expenses.

Rentals of armories is a fixed expenditure and in no case is the rental less than the State allotment. In the great majority of cases, units pay considerably more rent than the amount of the allotment made by the State, under Section 6889, Consolidated Statutes 1919. Counties and Municipalities augment this amount through allotments to the units; otherwise the unit could not exist and meet Federal requirements.

b. Two new units of the Guard have been organized under direction of the War Department, requiring additional allotments from this item; which increases the amount of expenditures each year of the next biennium.

c. The Budget Commission reduced our request to the amount of the 1937-38, 1938-39 figures of \$33,100; however; in caring for the sixty units in the payment of the first semi-annual allotments for the present fiscal year, due as of December 31, 1938, it was necessary to request a transfer of \$810 from Item No. 205, which was granted. This same additional amount will be necessary at the end of the fiscal year, June 30, 1939. With these facts before us, it can be realized that the request for an increase under this Item No. 203 of an additional \$1,500 is necessary. This will make the total of this item \$34,600, or, \$200 less than our original request. This is a very important item of our budget.

ITEM No. 215.—ALLOTMENT OFFICERS AND SUPPLY SERGEANTS: It is requested that \$365 be added to the amount recommended by the Advisory Budget Commission, making a total of \$22,950.

a. This item covers allotments to those officers having definite administrative duties to perform throughout the year, and is provided for by State laws, and is paid semi-annually. The amount paid each officer has for several years been less than that authorized by law; and in the present fiscal year the amount is further reduced because of lack of funds.

b. In the organization of the two additional units and a Battalion Headquarters, we have five additional officers coming within this allotment, entitled to consideration, and to provide for them the \$365 additional requested is necessary.

c. In the preparation of our budget it was our desire to increase the amount payable to each individual to a figure nearer that authorized in the State laws, which we feel is justified; yet, realizing the difficulties confronting the Joint Committee we now ask for only \$365, making a total of \$22,950, the amount necessary to provide for the recently appointed officers.

BRIEF—BUDGET 1941-43

1. The National Guard passed from control of the Governor and Commander-in-Chief to Federal control upon induction into Federal service September 16, 1940, yet there are certain expenses incident to the National Guard which must be continued. This refers particularly to armory rental in cases where armories are actually rented. There are also the expenses incident to the Adjutant General's Department. There are many matters pertaining to the National Guard requiring settlement. Armories necessarily must be maintained that upon return of the National Guard to the State with its Federal equipment, there may be some place available in which to house this equipment and as quarters for the organization.

2. Assuming that the troops of the National Guard return to the State in approximately one year as now contemplated, these troops would return in September, 1941. The budget in question goes into effect July 1, 1941, therefore the National Guard would be back in the State for nine months of the fiscal year 1941-42. It is noted that the budget recommended by the Budget Commission is approximately the amount of the budget as expended in 1939-40. It is anticipated that upon return of the troops to the State the necessity for much reorganization, readjustment, and possibly an increase in the strength of the Guard will require a larger appropriation.

3. Though the Guard will be out of the State the first three months of the fiscal year 1941-42, the State Guard or Home Defense Units will have been organized and necessarily must be taken care of during the lifetime of this organization and should the National Guard not return in the twelve months time, in September 1941, it will be necessary to continue the organizations of Home Defense.

4. In view of the conditions, it is impracticable to make a fair estimate of the needs of the Adjutant General's Department for the next biennium and it is requested that the appropriation recommended by the Budget Commission for the biennium 1941-43 be granted and that the Appropriations Committee recommend to the Governor and Council of State an allotment from the contingent and emergency fund to the National Guard should such extra allotment become necessary and at the discretion of the Governor.

5. Submitted as a matter of information is the following, which gives the strength, appropriation, and percentage pertaining to appropriations made by a number of other states to its National Guard, based upon the 1940 appropriations:

REPORT OF THE ADJUTANT GENERAL

	<i>Strength of Guard</i>	<i>Annual Appropriation 1940</i>	<i>Percentage Appropriation Per Enlisted Men</i>
Indiana	5,906	\$460,686	78.00
Wyoming	913	62,350	68.29
Minnesota	6,301	333,800	52.97
Florida	2,570	114,000	44.36
Wisconsin	5,685	190,000	33.42
Texas	11,369	362,970	31.92
Alabama	3,739	100,505	26.88
Virginia	4,991	116,015	23.24
